GOULD ACADEMY

The Camera Club has displayed a collection of award winning pictures this past week in the lobby of Hanscom Hall. The display is of particular interest because all of the pictures were taken by young photographers from 15-20 years old.

The girls' dormitory has begun a project to mail food, greeting cards and books to servicemen in Viet Nam. Chairman of the project is Debbie Shipp, who organized the shopping, baking and mailing for the month of November. Savannah Stinnett, Susan Pollack and Susan Hatch worked on the November mailing. The girls plan to continue the project for the school year.

At the suggestion of Headmaster Vachon, Gould students responded to the appeal by New York Radio Station WPTV with a deluge of Christmas cards for servicemen in Viet Nam. The cards were turned in at the school office and mailed as one contribution to the radio station.

A guest speaker, Mr. Henry Hatch of Dark Harbor, Maine, was enjoyed Monday morning at an all school assembly in Bingham Hall. Mr. Hatch, a graduate forester, spoke on the history of forestry and lumbering in Maine and the development of conservation. Mr. Hatch's personal experiences and observations added color and interest to his description of the work of a forester in the Maine woods. Mr. Hatch is the father of Elyse, a senior, and Susan, a freshman at Gould.

The Girls' Athletic Association has continued its tradition of school service by decorating the campus and main study hall with evergreens for the Christmas season. Many girls worked on the annual project which was headed by the GAA Executive Council members: Eileen Saunders, Pam Douglass, Nancy Brown, Becky Andrews, Ruth Tebbets, Mary Jane Geronda, Susie Pierce and Vicki Brown.

The Gould FHA chapter is participating again this year in the state FHA project to provide Christmas gifts for the Stevens

Training Center at Hallowell. Last year members of the Gould chapter delivered their gifts personally and visited the girls at the Hallowell Institution. Becky Morton, program of work chairman, would welcome any contributions people might like to make of small Christmas gifts. She has a list of suggested items provided by the state FHA. Other FHA projects are in progress as part of the Gould Chapter's local community service.

The Theater Arts class will travel with its instructors Mr. Owen and Mr. Vogt to the University of Maine in Orono Friday, December 9, to attend an all day workshop in lighting, make-up, costuming and acting.

The Student Activity Council will sponsor the annual Christmas Holiday Formal in William Bingham Gym on Friday, December 9, with the Malcolm Smith dance band playing. Overall chairman for the dance is S.A.C. vice president Peter Howard; decorations chairman is Joan Frankiewicz. Working with seniors Carol Floyd and Merton Brown and a committee of volunteers, Joan has announced the theme of an old-fashioned Christmas around which elaborate decorations are being planned. Beth Sargent is chairman of the refreshment committee. The S. A. C. has traditionally sponsored this event for all Gould students.

A group of Gould students will travel with Mr. Owen to Portland Saturday, to audition for the All State chorus, band and orchestra. Participation in the All State Music Festival is by audition only. In past years Gould has been represented by a large quota and this year's musicians hope to maintain the record.

The girls of Gehring Hall will be hostesses Sunday afternoon, December 11, to all Gould students, faculty and trustees at the annual Christmas Holiday Tea. Decorations, refreshments and hostessing will involve all of the girls under the general chairmanship of Rebecca Andrews, dormitory president.

Fifteen members of the Gould Ski Team and Coach Al Barth will attend a ski clinic in Auburn all day Saturday, December 10.

GOULD ASSISTANCE IN FAMILY LIFE CONFERENCES NOTED BY CHAIRMAN

P. O. Box 454
Bethel, Maine 04217
December 3, 1966

Mr. Edmond J. Vachon
Headmaster
Gould Academy
Bethel, Maine

Dear Mr. Vachon:
During the past two months, several adults from this community and elsewhere, including myself, have had the opportunity of participating with students of Gould Academy in planning and presenting the Family Life Conferences.

The nucleus of these students has come from the Student Activity Council, but has been augmented for many special duties in addition to those who have come regularly as Conference participants.

The experience has given a very realistic picture of the cause of responsibility, and capacity for work and sustained interest, which they possess. This is especially pleasing to me during a period which benefited others as well as themselves.

I feel that such a contribution of community service and citizenship to follow as worthy of recognition as are the other individual, team and departmental accomplishments a school can place to its records. In fact, such service will be the good feature of the communities to which they live.

As a testament to the Conference, Mr. Ralph Hader's Evaluation Committee which will make recommendations for following year's needs created through the conference, will include one of these students.

The organization of your staff, the Student Activity Council, and the Audio-Visual Club has been an outstanding factor in the success of the Bethel Health and Service Council project. Thank you, sincerely.

Very truly yours,
Mrs. Samuel H. Timberlake,
Chairman,
Family Life Conferences

UNIVERSAL BIBLE SUNDAY AT WEST PARISH CHURCH

To commemorate the 150th anniversary of the American Bible Society, the West Parish Congregational Church will have an exhibition of old Bibles and Bibles with interesting histories, on display following the morning worship service, this Sunday, Dec. 11.

On display will be what is believed to be the oldest Bible in Bethel, printed in 1660.

The theme of the worship service will emphasize the 150 years of patient and sacrificial effort to put the Bible and the Bible message into the hands of people all over the world.

As part of the Anniversary observance, the Scripture reading for the service will be held from the original Rev. Daniel Gould Bible, presented to the West Parish Church in 1813 and used for many years by the ministers succeeding him in the West Parish pulpit.

REMEMBERING EARL WILLIAMSON

I remember Earl Williamson, as a young man
He used to tease me and call me "Cam".
He told my mother I shouldn't eat
A dish of raisins she gave me for a treat.

He lived with his mother and dad on Mason
And we lived next door with a man called Jason.

He went to school, he worked, he toiled
And his good name was never soiled.

His ma and dad, they worked hard too
To bring their life straight through the blue.

BETHEL SCHOOLS HAVE BUSY TIMES THIS MONTH

The month of December is currently shaping into a very busy and exciting time for the students and faculty of the Bethel Schools. At the junior high level, the boys and girls are anxiously awaiting the start of the basketball schedule. The teams, under the capable coaching of Mr. Hodgkins, have been in practice for the past two weeks. Miss Varnier of the sixth grade, is helping the cheerleaders prepare for the initial game of the season to be played on Dec. 15 at the Gould Academy Field House.

All of the students seem to be well under way in their usually exciting preparations for the Christmas season. Class parties and programs are being planned for the morning of Dec. 22.

In keeping with desires to inform the public concerning administrative policy, included are the basic procedures regarding school accidents or illness. It is the feeling that in case of accidents or illness, the school has the responsibility for the following: giving first-aid, notifying parents, providing safe transportation to the house. If necessary, and when possible, guiding parents to sources of treatment. The school also has the responsibility of submitting a written report to the Superintendent of Schools regarding the illness or accident. In case of serious accident, a physician will be called, preferably one designated by the parents or guardian.

SEWERAGE STILL PROBLEM AT PROPOSED DISTRICT HIGH SCHOOL

Meeting in Newry Monday evening Directors of SAD 44 voted to apply to the Water Improvement Commission for permission to drain treated sewage into the brook on the lot where the new high school will be built.

The WIC and the Department of Health and Welfare have informed the directors this plan and one to construct a filter bed between the school and the brook would not meet necessary approval.

The agencies stated the fact the distance between the school and the brook was less than 50 feet, not permitting proper filtration.

The Building Committee will meet with state officials in the near future to discuss the matter.

Director John Tebbets of Bethel reporting for the personnel committee, stated at the last meeting the group had met with teacher groups and would probably make a final report on the salary schedule at the first meeting in January.

Wednesday, members of the building and curriculum committees met with the landscape architects to discuss the layout of the athletic fields at the proposed school.

The next regular meeting of the District directors will be at Andover on Dec. 19.
